AI Prompt: Praise Postcard Generator

Create a colourful, eye-catching “praise postcard” in JPEG format to celebrate student achievement.

Text to include on the postcard:

"Congratulations to [Student Name(s)] for [brief description of achievement]. Your effort and dedication are truly inspiring!"

Design requirements:

- Bright, uplifting colours with a celebratory feel (e.g., stars, confetti, banners).
- Style should be suitable for a [PE/theme - e.g., Football] achievement.
- Include space for a teacher’s digital signature or name at the bottom - [teacher name].
- Modern, friendly fonts - easy to read on screen or printed.
- Format as a high-resolution JPEG, postcard orientation (landscape or portrait depending on design).

Customisation:

If more than one student is named, ensure each name is celebrated equally.

If the achievement is specific (e.g., player of the match/effort in PE/Leadership skills), adapt the imagery and colour palette to match.

Final output: 1 finished JPEG, ready for emailing to parents or printing, with the design fully reflecting the achievement described.
