

## TRANSFER WINDOW – STARTER RESOURCE

Premier League clubs spent £1.1 billion during the summer transfer window.

Click on the video below to see where the money was spent.

How can premier league clubs afford to spend such a vast amount of money on transfers? Where do they get their income from?

Should spending be capped during the transfer window?

Has the commercialisation of football increased or decreased enjoyment for fans?

Cristiano Ronaldo has returned to Man Utd after 12 years away. Give 3 reasons why Man Utd will be glad to have him back?

### Extension Task

Premier League clubs should share a proportion of their income with lower league clubs.

Discuss the arguments for and against this statement.
